THE RUSSIAN ARMY

Is Almost Completely Surrounded by the Three Japanese Armies at Port Arthur.

SITUATION REGARDED AS CRITICAL

The Russian General Must Now Either Flight or Withdraw His Whole Army to the North.

There Are Some Unofficial Indications That Matters Are Rapidly Maturing For Either An Engagement or a Retreat.

St. Petersburg, Aug. 1.—Although public attention has been distracted from the events of the war during the past week, first because of the fear of international complications, and second, because of the assassination of Minister of the Interior Von Plehve, the situation at the front is regarded as critical.

The enveloping movement of the three Japanese armies of Gens. Kuroki, Nodzu and Oku around Gen. Kuropatkin's position appears to be almost complete, and the extended line of the Japanese seems to be the only drawback to concerted action. It is realized here that the Russian general must now either fight or withdraw the whole army northward. He is being closely pressed at Hai Cheng. At that place Gen. Kuroki's northern column makes it extremely dangerous to remain there, because, while holding the position to give battle against the Japanese, whose advance is notoriously always slow and careful, Gen. Kuroki might pass through and cut his railway communications to Liao Yang.

While nothing is definitely known there are some unofficial indications that matters are rapidly maturing for either a battle or a retreat. For instance, the refusal to accept further press telegrams at Hai Cheng is shown by the fact that one of the press correspondents had to ride through to Mukden to file an account of the Ta Tehe Kiao fight. This might be construed either that preparations are making for a retirement or that the wires are very crowded, incident to a concentration at Hai Cheng or Liao Yang.

A few days are expected to determine which course Gen. Kuropatkin has elected to pursue.

There is no inclination here to doubt that there may have been pretty severe fighting at the outer positions of Port Arthur, possibly accompanied by a bombardment from the sea, but it is not believed that the Japanese are yet ready to storm the fortress. R. Adm. Wihoft, in command of the naval forces at Port Arthur, is relied on to put to sea if the condition of the fortress becomes desperate. While no definite information is obtainable the report that the fortress is short of ammunition is considered by the public as the most disquieting feature of the situation there.

The Vladivostok squadron is expected back in port Sunday or Monday.

VON PLEHVE FUNERAL.

Church Bells Were Told and Masses and Prayers Said.

St. Petersburg, Aug. 1.—M. Von Plehve, the minister of the interior, who was assassinated Thursday morning last, was buried Sunday and in every city and hamlet of this vast empire church bells were tolled and masses and prayers said for the repose of the soul of the murdered minister. The services here, which were according to the rites of the Orthodox church, were of an impressive and imposing character.

Among those present were members of the imperial family, the foreign representatives, including Spencer Eddy, charge d'affaires of the American embassy, ministers of the empire, generals, admirals, nobles, governors of distant provinces, like those of Astrakhan and Irkutsk—in fact, all high officialdom, not even omitting Genghis Khan, a lineal descendant of the Napoleon of Asia, who is now a major general in the Russian service.

Automobile Tourists.

Buffalo, N. Y., Aug. 1.—The automobile tourists bound from New York to St. Louis, who arrived here Saturday, Sunday made a trip to Niagara Falls. Barney Oldfield is in Buffalo and expects to accompany the tourists as far as Erie, Pa.

Big Plants Closed Down.

Chicago, Aug. 1.—The three plants of the International Harvester Co. closed down Monday for an indefinite period and 15,000 workmen were thrown out of employment. The shut down is made in order to take an inventory of stock.

IN THE OIL FIELD.

During the Past Week Unusual Activity Was Displayed.

Lexington, Ky., Aug. 1.—During the past week unusual activity has been displayed in the oil development of the Kentucky-Tennessee field. Completions have been as follows: Wayne county eight, new production 540 barrels, dusters two; Knox county three, new production 75 barrels, dusters one; Cumberland county one, new production 25 barrels; Clinton county one, production 10 barrels; Floyd county one, new production 100 barrels.

The best strike of the month was made by the Federal Oil Co. in Wayne county, it testing 360 barrels. A 100-barrel strike was made in the eastern field, in Floyd-Knott territory. The runs amount to 27,000 barrels.

The scope of activity is being greatly extended and numerous wild-cat wells are going down. The coming in of a wild-cat strike in Clinton county is attracting considerable attention in that region, through which a pipe line is being built to the Cumberland county developments.

NO AUTOS ON THE PIKE.

An Almost Prohibitive Toll Is Being Charged.

Newport, Ky., Aug. 1.—If you own an auto car keep off the Alexandria pike, leading out of Newport.

The board of directors of that corporation have placed an almost prohibitive rate of one cent a mile for each horsepower of the machine that travels the thoroughfare, and as the majority of the autos are of at least 20 horsepower, that means a rate of 20c a mile for the privilege of rumbling over the road.

As a matter of fact, the directors do not want the "red devils" on the Alexandria pike, and are taking this means of keeping them elsewhere.

WITHDRAWN FROM KENTUCKY.

The Illinois Life Insurance Co. Quite Business in the State.

Louisville, Ky., Aug. 1.—The Illinois Life Insurance Co. has withdrawn from Kentucky. The step was taken voluntarily following a demand made by State Insurance Commissioner Henry R. Prewitt for permission to inspect the company's books. The demand was refused. A large number of policy holders are affected by the company's action which leaves them without the protection of the insurance laws of the state in which they reside. The number of policy holders affected is estimated at nearly 100,000.

Fifteen Horses Perish in a Fire.

Owensboro, Ky., Aug. 1.—The livery stable of Davis & Lea was burned, entailing a loss of \$30,000, with \$8,800 insurance. The stable was owned by T. J. Lea, and valued at \$3,000, with insurance amounting to only \$1,500. The Owensboro undertaking establishment occupied a part of the stable. The origin of the fire is unknown. Fifteen horses were burned to death in the stable and about 20 were rescued.

Can Make Gold.

Newport, Ky., Aug. 1.—Thomas Cockings, of 609 Elm street, and Thomas Rees, of 619 Elm street, who for five years have been toiling to wrest from nature the secret of making gold in paying quantities, claim to have at last realized the hope of their lives.

Was Married July 5.

Louisville, Ky., Aug. 1.—The Herald says that John Doerhoefer, son of the late John Doerhoefer, the millionaire tobacco manufacturer, who died last September, was married Tuesday, July 5, at Welch, W. Va., to Ella Taylor, known here as Pearl Martin.

Married in Night Robe.

Newport, Ky., Aug. 1.—Squire Donlan, of Newport, was awakened Saturday night and at the door found a bridal couple. His honor said he would have to dress for the occasion, but the couple assured him that his night garments would answer.

Drowned in a Pond.

Lexington, Ky., Aug. 1.—The body of John Klair, brother of Representative William F. Klair, was found in a pond Sunday. It is believed that he fell in late Friday night, as he was not seen alive after the evening of that day.

Three in One.

Glasgow, Ky., Aug. 1.—The Preston Oil Co. has organized with a capital of \$500,000, and taken over the new Amber Oil Co. for \$125,000, the Glasgow Oil Co. for \$125,000 and the Preston Oil, Gas and Mineral Co. for \$250,000.

Held As Assassins.

Owingsville, Ky., Aug. 1.—Clay Watkins, Green Watkins and Elliott Collins, charged with the assassination of 17-year-old Lee Mann, in Breathitt county, a week ago, were held in \$1,000 each.

SENDS ULTIMATUM

German Minister at Caracas Demands Immediate Payment of Interest on German Award.

THREATENS TO LEAVE THE CITY.

The News of This Demand Causes Not a Little Surprise Among the Washington Officials.

The General Impression Was That President Castro Was Meeting the Demands of the Protocol Signed By Mr. Bowen.

Willemstad, Island of Curacao, Aug. 1.—It is reported that Herr Pellgram, the German minister at Caracas, has delivered an ultimatum demanding the immediate payment by the Venezuelan government of the interest on the amount of the award to be paid to Germany as stipulated in the protocols signed by Herbert W. Bowen, representing Venezuela, in February, 1903. If this demand is not complied with, the report says, the minister will leave Caracas August 4.

Washington, Aug. 1.—Not a little surprise is evidenced here over the news from Willemstad, as the general impression has been that President Castro was meeting the demands of the protocols signed by Mr. Bowen. Germany, Italy and Great Britain, acting to the decision of The Hague tribunal, were to have preferential treatment in the payment of their claims against Venezuela after which the non-blockading powers were to be paid. All the payments were to be made out of 30 per cent. of the customs receipts of the ports of Laguayra and Porto Cabello, which were to be set aside for that purpose. There has been a feeling of dissatisfaction among some of the members of the diplomatic corps at Caracas over various acts of President Castro and some reports which have reached here have intimated that a full 30 per cent. of the receipts at the two posts named was not being set aside for the payments of the claims as provided in the protocol. This may have a bearing on the action which is said to have been taken by the German minister.

At the same time provision also was made that if Venezuela failed to keep the terms of the protocol the Belgian government was to take charge of the customs at the ports named and administer them until the claims of the powers were settled along the lines agreed on. This, the officials here think, should remove the necessity for any arbitrary action by any of the powers signatory to the protocols.

OUTPUT OF COAL.

It Exceeded All Previous Records in the Year 1903.

Washington, Aug. 1.—The forthcoming report of the United States geological survey will show that the United States exceeded all previous records in the production of coal in 1903. The total amount of the output of the coal mines of the country during that year was 359,421,311 tons, an increase of nearly 58,000,000 tons or 19 per cent. over the preceding year. The value of the product of 1903 is given as \$504,190,733, an increase in value of 38 per cent. over the preceding year.

ASPHALT PROPERTIES.

The British Minister Protests Against the Seizure.

Port of Spain, Trinidad, Aug. 1.—The British minister at Caracas has strongly protested in the name of the English bondholders against the seizure by the Venezuelan government of the asphalt lake at Guanaco, the property of the New York and Bermudez Asphalt Co., maintaining that the interests of the bondholders would be menaced unless the lake be immediately restored to the company.

Heavy Fighting Near Haicheng.

London, Aug. 1.—The correspondent of the Daily Mail at New-Chwang, in a dispatch dated July 31, says that there has been heavy fighting for two days in the marshes south of Haicheng during the gradual Russian retirement from To Tobe Kimo.

Japs Occupy Every Position But One.

Che Foo, Aug. 1.—A Japanese merchant has received word from a Chinese whom he trusts to the effect that the Japanese have occupied every position surrounding the besieged fortress of Port Arthur with the exception of Golden Hill.

New York, Aug. 1.—Carl Lemberg, of San Jose, Cal., won the 20-mile open race for amateurs at the Manhattan cycle track Sunday. This was the principal event on the program.

THE DEPORTED MINERS.

Counsel Are Devising Means to Enable Them to Return.

Denver, Aug. 1.—Attorneys H. N. Hawkins and John H. Murphy, counsel for the Western Federation of Miners, are devising ways and means to enable the deported Cripple Creek miners to return to their homes. Papers are being drawn and application will be made to some court, possibly the federal court, for an injunction restraining the citizens' alliance and mine owners from interfering with any deportees who return to the Cripple Creek district.

The Western federation officials are also making arrangements to reopen the union stores in Cripple Creek and Victor that were raided and looted by mobs on June 6 and 7.

Sheriff Edward Bell, of Teller county, has advised against the reopening of the stores or the return of the deportees, fearing that such action will lead to violence.

MURDER OR SUICIDE?

Dead Body of a Pittsburger Found Near Wheeling, W. Va.

Wheeling, W. Va., Aug. 1.—The body of Joseph Lamar, jr., of Pittsburg, was found Sunday afternoon in an advanced state of decomposition in a clump of willows on the river shore near the heart of the city. When the body was lifted a knife with a three-inch blade fell from the inside of the shirt and an examination showed that it had been plunged through the heart.

Lamar left his home in Pittsburg ten days ago after a quarrel declaring that he would return a corpse. It is not believed that he suicided, however, as his over and undershirts were carefully buttoned and were not cut. Physicians say he would not have had the strength to do this after plunging the knife into his heart.

TRAIN HELD UP.

The Passengers Lined Up and Robbed of Their Valuables.

El Paso, Tex., Aug. 1.—A train crew which has just arrived with a light engine from Santa Rosa, reports that Rock Island passenger train No. 4, which left El Paso Saturday morning at 7 o'clock, was held up near Tucumcari, N. M., and robbed. The passengers were lined up and their valuables taken from them, after which the express and mail cars were uncoupled from the train and run about two miles up the track and there dynamited and robbed.

The robbery was reported at Logan, a small station some distance from Tucumcari by one of the passengers who had escaped the robbers.

HELEN GOULD'S PAINTINGS.

Three of Them Loaned to the World's Fair Badly Damaged.

St. Louis, Aug. 1.—Charles L. Frank, an artist, who was formerly special service man in the art department at the World's fair, made the statement Sunday night that three paintings loaned to the exposition by Miss Helen Gould and valued at \$100,000 were badly damaged by remaining packed for too long a time after having arrived here. Mr. Frank stated that two of the pictures have been restored but the third has been shipped back to New York for restoration. He has prepared a letter to Miss Gould explaining the nature of the damage.

FOR SAFE KEEPING.

Two Negro Suspects Taken to the Jail in Savannah, Ga.

Savannah, Ga., Aug. 1.—Will Cato and Paul Reed, Negroes, suspected of the murder and burning of the Hodge family near Statesboro, were brought here Sunday morning for safe keeping. Evidence has developed that tends to show a still more heinous crime was committed upon the persons of Mrs. Hodge and her 9-year-old daughter, Kittle, before they were killed. That robbery was not the prime motive of the crime is shown by the finding of a purse containing several dollars near where the body of Mrs. Hodge was found.

HIDING IN A SWAMP.

Eight Hundred Men Hunting For Three Murderers.

Portage, Pa., Aug. 1.—Pursued by 800 men the three men who murdered Charles Hays, driver, and perhaps fatally wounded Patrick F. Campbell, paymaster for the Puritan Coal Co., about a mile south of this place, Saturday, are hiding in Cedar swamp, about seven miles from Portage. One of the fugitives is injured, but not so as to prevent his flight. In parties of about 20 the pursuing men are scattered out over the entire boundary of the Laurel thicket and swamp.

SKILLED WORKMEN

It is Reported That the Chicago Packers Secured a Number of Them on Sunday.

BOTH SIDES ARE STILL FIRM.

In a Fight Between Two Non-Union Men at the Nelson Morris Plant One Was Killed.

The Police and a Mob of Strike Sympathizers Clashed in the Vicinity of the Stockyards—Saloon Partly Wrecked.

Chicago, Aug. 1.—Both the packers and the strikers spent Sunday in strengthening any weak spots that could be found in their defenses preparatory to another week of effort to bring their opponents to terms. Notwithstanding that it was Sunday, all the plants were operated during the forenoon in order to get rid of the live stock that had been left over from last week. The remainder of the day was spent by the employers in installing new men in the strikers' places and arranging many of the small details which had been overlooked last week during the heat of the conflict. Over 1,000 new men were added Sunday to the number already at work in the different plants. Among Sunday's arrivals were many skilled laborers, something the packers have been sadly in need of ever since the strike started. The employers have experienced little difficulty in procuring all the unskilled men necessary to operate the plants to their full capacity, but there has been a decided scarcity of skilled workmen and for this reason the by products of all animals killed have been let go to waste.

The strike leaders spent the greater part of Sunday in preparing a statement to the public. In this statement the unionists explain their side of the controversy, declaring that it is the packers and not the men who are responsible for the present state of affairs in the packing industry. The public is asked to be patient with the men during the struggle for supremacy, it being declared by the union leaders that it would be impossible for the men to return to work under the conditions which existed before the strike was called and that up to the present the packers have shown no disposition to treat the strikers in a fair manner. According to this statement the men will stay on strike until their unions are disrupted or until the packers surrender.

In a fight at the Nelson Morris plant Sunday afternoon between Andrew Sims and John Davis, both non-union workmen from New Albany, Ind., the former was stabbed and killed. Sims was employed by the packing company as a walter in the improvised dining room which has been fitted up for the men employed as strike breakers. Davis was employed as a cook by the same concern. While eating dinner Sunday they became involved in a quarrel over the food. In the fight that followed Davis was getting decidedly the worst of it and, drawing a knife, stabbed Sims three times. Sims died in the hospital two hours later and Davis was arrested.

The police and a mob of strike sympathizers clashed Sunday night in the vicinity of the stockyards. The disturbance was caused by two non-union men who entered a saloon and asked for a drink, where a crowd of the strikers' friends had congregated.

When the bartender went to serve the strike breakers the other men in the place protested and a fight followed. Several policemen hearing the disturbance ran to the saloon and succeeded in ejecting the attacking party. The doors of the place were barricaded but the rioters, being reinforced by several hundred of their friends, returned to renew the attack. A riot call was sent in but before the patrol wagon with a squad of policemen had arrived the saloon had been partly wrecked. It was necessary for the police to fire a volley from their revolvers over the heads of the rioters before they desisted in their attack on the place. With the exception of bruises and scratches received during the disturbance no one was seriously injured.

A Long Automobile Trip.

St. Louis, Aug. 1.—A party of automobilists consisting of F. A. La Roche, A. Le Blanc, Mossis M. Mason, Herbert H. Everett and Lee Straus arrived in St. Louis after a continuous run of 1,600 miles without having actually stopped the machine.

Mrs. J. M. Blackburn Dead.

Covington, Ky., Aug. 1.—Mrs. Little Blackburn, wife of Capt. James Morehead Blackburn, died Sunday at their summer home in Buflington, Kenton county. During the winter season they lived at their home in this city.

The Democrats are all "locking together" this year, and the Republicans don't like it a little bit.

The news from Esopus is calculated to make Republicans exclaim in the language of Col. Mat Stitt: "It beats h—!" The way the Democrats are harmonizing is calculated to give the Republicans a good deal of worry.

The editor of the BULLETIN was generous enough, in one of his recent issues, to offer a gratuitous insult to the fraternity of Elks; for which he has their sincere thanks.—Public Ledger.

Well! We didn't know it was an insult to tell an Elk that he drank. In substance that was the extent of the BULLETIN's offending. And that, by the way, wasn't a marker to what the Ledger itself published concerning the recent reunion in Cincinnati.

REPUBLICANS are horrified that the sordid Democrats nominated a very rich man for Vice President. They had already nominated a man reputed to be worth \$3,000,000 for the same office, and flattered themselves that they had done a pretty slick thing. But when the Democrats nominated a man in comparison with whose barrel Fairbanks' barrel looks like a tomato can, the Philadelphia Record says they became censorious about the nomination of very rich men. Happily there are lots of reasons for nominating Henry G. Davis besides his fortune.

CANDIDATE ROOSEVELT's speech of acceptance is just what might have been expected, remarks the Cleveland Plain Dealer. The greater part of the platform having been passed upon by him before its presentation to the Chicago convention, and much of it consisting of a laudation of himself and an approval of all his administrative acts, he could not do otherwise than say in effect: "Those are my sentiments." It is, however, to be regretted that, as a reputed man of candor and courage, he failed to correct some glaring misstatements in the platform. It is still more to be regretted, for the sake of his reputation as a man of veracity, that he adopted these misstatements and repeated them as facts when the record shows otherwise.

THE Chicago Inter-Ocean, the leading Republican paper of the West, brands the publishers and editor of McClure's Magazine as "unmitigated liars, if not worse." That's the conclusion a large majority of the people of Kentucky came to some time ago on reading Samuel Hopkins Adams' article on the Caleb Power case. The BULLETIN is of the opinion that Adams never wrote the article in question but that it was gotten up by some Kentucky Republican, and that the article was published as coming from Adams because it would have greater weight coming from some one outside the State. The refusal of the McClure publishers to give Judge McQuinn's reply shows they do not intend to have Adams' misstatements and misrepresentations corrected.

DEMOCRATIC PROSPECTS.

It is the consensus of opinion in the National Capital that in the line-up for battle between the two parties, the Democracy has the best of the situation. It is believed by the leaders who have visited Washington since the convention in St. Louis that the outcome of that convention has practically solidified the Democratic party. It looked for a time in St. Louis that no power on earth could ever bring the two warring factions together. But conciliation and compromise on both sides and the splendid attitude of Mr. Bryan and his leaders have performed a political miracle and the party is once more a solid phalanx and will move in serried ranks on the cohorts of corruption and extravagance in the Republican party. There are divergent opinions concerning the telegram sent by Judge Parker to the convention, but the majority of Democratic leaders

believe that it has had more of a beneficial effect than otherwise.

There are some people who criticize Mr. Bryan for his action in criticizing Judge Parker and portions of the platform since the convention adjourned. But the truth of the matter is that Mr. Bryan has done more to help the ticket and hold his forces together for it than any other man in the country. If he had laid down immediately after the convention and accepted fully and entirely everything that was done, hundreds of thousands of his followers in the past two campaigns would have become angered at him, would have declared him insincere and dishonest, and would have bolted the ticket. When he was honest enough, however, to criticize the things in Judge Parker that he did not like and things distasteful to him in that platform, while at the same time he proclaimed that there was enough Democracy in the platform to warrant his entire support, his friends knew him to be honest and agreed if their old leader could thus support the ticket, they, too, could make the same criticisms and give it their undivided support.

The friends of Judge Parker who know him best say that he will appreciate this fact as thoroughly as any man, and that it is his intention and the intention of the leaders to give to Mr. Bryan some of the heaviest tasks of the campaign. One of those tasks will be to carry the State of Nebraska, and, if he succeeds in doing this, in which they will render him valuable assistance, he can not only go to the Senate of the United States, but will be one of the biggest men in the Parker administration. It augurs well for the ticket that instead of all the enthusiasm for it being exhausted at the time of its naming, it has grown day by day since the adjournment of the convention.

UNCLE SAM can bust almost any trust if he only would. What he can do in this line was well illustrated in the Philippine Islands last fall. A drought cut the rice crop of the islands short. Speculators bought up all the rice in sight and proposed to make a pile of money even if the natives starved to death. Uncle Sam got on to their game and sent his agents to China, Japan and other rice growing countries and bought \$2,000,000 worth of rice, placing it on sale at a fair price. The corner busted at once, and its makers were ruined.—Exchange.

If Uncle Sam can do so much for his constituents in the Philippines, why doesn't he do something for his people here at home? Does he think they are in a condition to be robbed?

INDEPENDENT VOTE

Is What Must be Secured in Order to Win the Election.

[New York Times]

It is hoped, perhaps expected, that Chairman Taggart will be able to carry his own State for the Democratic candidate. He may be a past master of the political arts that he deems best adapted to carry Indiana, but if he is wise he will at the very beginning dismiss from his mind all notion of attempting to carry the country by political arts. The country can be carried only by winning the independent vote, the vote which elected Mr. Cleveland in 1884, which elected him again by a much larger electoral majority in 1892, and which elected Mr. McKinley in 1896 and 1900. The independent voter is above all intelligent. His support can be won only by appeals fit to be made to a sensible man, by evidences worth the consideration of a man able to do his own thinking.

The river shore at the County Infirmary farm was the scene of a big fish fry Saturday. Squire W. H. Rice, candidate for Sheriff, and his deputies to be, Messrs. W. S. Watson and John E. Boulton were hosts, and were assisted by Infirmary Superintendent Rosser. They feasted a large number of their friends on Ohio river fish, spring lamb, with other eatables and a plentiful supply of drinkables. Over a hundred were present and the occasion was enjoyed to the full.

Mrs. Wm. Hicks was slightly injured in a runaway near the fair grounds Sunday afternoon.

THE TOBACCO MARKET.

Only Five Hogsheads Sold on Cincinnati Breaks Last Week—But Little Burley at Louisville.

CINCINNATI, July 29.—The sum total of the sales on the Cincinnati tobacco breaks this week was 5 hds. of bright trashes, sold Friday. They averaged \$10.97 per 100 lbs.

LOUISVILLE, July 30.—Total sales of tobacco in the Louisville market for the week amounted to 1,143 hogsheads, 142 burley and 1,001 of dark.

The combined report of warehouses which are members of the Louisville Leaf Tobacco Exchange shows a total for the week of 1,128 hogsheads, as compared with 1,965 the same week last year. Private sales for the week were 335 hogsheads. Total sales for the year to date 75,125 hogsheads, as compared with 77,424 the corresponding period last year. Sales of burley for the week were 139 hogsheads, of which thirteen were old crops. Sales of dark amounted to 989 hogsheads, thirteen being old crop.

NOTICE.

The Board of Council of the City of Maysville passed an ordinance on the 19th day of July, 1904, authorizing me to advertise for sealed bids for the construction of a sewer, beginning at Wood street in the Sixth ward of the city of Maysville, and extending west from Wood street along the north side of Chesapeake and Ohio railroad to Union street, thence across Union street and along the north side of Third street to Lexington street, thence northwest across Lexington street to Hall alley, thence west along Hall alley to Commerce street, thence north along and through Commerce street to low water mark at the Ohio river. The work to be done according to the plans and specifications of the city engineer. The plans and specifications will be on file in the Mayor's office, open to the inspection of all persons desiring to make bids for the construction of the sewer. The contractor is required to give bond and security that he will faithfully construct the sewer according to the plans and specifications of the city engineer. The Board of Council reserves the right to accept the bid which in their judgment will be to the interest of the city, or to reject any or all bids. All persons desiring to make bids on the construction of the sewer must deliver their bids, sealed up, by 8 o'clock p. m., Monday, August 1st, 1904. W. E. STALLCUP, 23-4101 Mayor City of Maysville.

WE TAKE PLEASURE in announcing to the public that Hayswood Seminary for girls will reopen for its nineteenth annual term of work September 12, 1904. Correspondence as to particulars and requests for catalogues are solicited. MISS FANNIE L. HAYS, Principal, Maysville, Ky.

BLOODY AFFRAY.

A Sunday Row in Which "Bushwhack" Williams, "Jinks" Stockdale and Charles Hoops Were the Active Participants.

The old Wormald elevator lot corner Limestone and Front was the scene of a bloody affray Sunday afternoon.

It was two against one and the one got the best of it.

Charles Hoops and some friends were in the lot when William "Bushwhack" Williams and "Jinks" Stockdale arrived on the scene. Just what the trouble was about was not learned, but the two last were soon in combat with Hoops. The latter got decidedly the best of the fight, inflicting serious wounds on both his antagonists with rocks. Stockdale had to be assisted to his home. Williams received several wounds on the left side of his face and head, the worst cut being over the left ear. He was arrested by Policeman Ort and taken to Dr. Brand, who dressed his injuries, and he was then allowed to go to his home.

The case will be investigated in the Police Court as soon as all the participants are arrested.

ANOTHER EXAMINATION

Will be Held For Carriers on the Proposed New Rural Routes in This County.

The Republicans who got left in the examination last October for position of carrier on the proposed new rural delivery routes in this county have at last got what they have been striving for ever since the result was announced. Another examination is to be held, in an effort to beat the successful applicants last fall out of their positions. The following explains the latest move:

RURAL CARRIER EXAMINING BOARD,
WASHINGTON,
July 29, 1904.
Mr. ———, Maysville, Ky.—Dear Sir: You are informed that owing to evidence of improper conduct on the part of the rural agent who investigated the proposed rural free delivery service for Mason County, Ky., the rural carrier examination of October 3, 1903, has been cancelled, by direction of the United States Civil Service Commission. Another examination will be ordered at the earliest practical time: if you wish to compete in this examination you should obtain from your postmaster an application blank, fill it out properly and forward it to the Rural Carrier Examining Board, Washington, D. C., within ten days. Respectfully,
H. C. COLES, Acting Chairman.

Rev. W. T. Donaldson, who is spending a few days here in the interest of the Bible College, Lexington, preached at the Christian Church Sunday morning, presenting the claims of this school especially on the membership of the church throughout Kentucky. Mr. Donaldson is a very forceful and eloquent speaker, and is doing splendid work for the Bible College, having raised in the last seven months about \$65,000 for the school. His aim is to secure at least \$100,000, in order to place the school in a position to do even greater work than it has done in the past.

The attendance at Ruggles camp meeting Sunday, judged by the gate receipts, was larger than on the first Sunday a year ago. Dr. D. Lee Aultman, of Cincinnati, preached Sunday morning, Dr. Baker of Delaware, O., in the afternoon, and Dr. Dunham, also of Delaware, at the night service. Nearly all the cottages are occupied and the campers are enjoying the meeting.

Rev. G. W. Young of this State has been elected Assistant Superintendent of the American Anti-Saloon League to outline plans for extending the work, particularly in the Southern States. Headquarters will be opened at Lexington.

The monthly meeting of the City Council will be held to-night.

Mr. George Clinger of Dover contemplates returning to this city to live.

Mr. Ed. J. Maher has accepted a position with G. W. Rogers & Co. and will be glad to have his friends call.

Thirty-odd Kentucky breeders have entered horses, jacks and mules in the great live stock show at the World's Fair.

C. P. Dieterich & Bro., florists and seedmen, now occupy the middle building in the Oddfellows new block, Market street.

Senator George W. Best, who is reported so ill, used to live at Frankfort, where his father kept tavern many years ago.

Eight million dollars has been invested the past year in cement factories, and more will be used this year. Cement is superseding both lumber and stone.

Died, July 19th, at her home in St. Paul, Minn., Mrs. Mary Allen McClung, wife of the late J. W. McClung, and daughter of Mr. William Allen, formerly a merchant of this city.

A C. and O. freight car was broken open Saturday night, the thieves securing some cheese, bologna sausage and a lot of mineral water. They were evidently out after a free lunch.

Mr. Wm. Baldwin, who has just been mustered out of Uncle Sam's army, is visiting his mother on Jersey Ridge. He expects to serve three more years in the army and will then make the Philippines his home.

Vanceburg has a suit pending in the Lewis County courts to compel the C. and O. to use some other street to come into that city instead of Third street. The change could not be made without much delay to traffic and a big expenditure of money and the C. and O. is preparing to fight the suit to the end.

The annual meeting of the Bracken Association of Baptists will begin Tuesday evening at the First Baptist Church and close Thursday evening. Dr. Taylor, President of Georgetown College, and Rev. Dr. Frost, of Nashville, a former pastor of the church in Maysville, are among the prominent men who are expected.

Prof. R. S. Crichtow, who taught last year at Washington, has been elected Superintendent and Principal of the Pineville Graded Schools, at a salary of \$75 a month for seven months, and is to receive in addition all outside patronage, which will make the position pay him about \$100 a month. He was elected by a unanimous vote over about twenty-five applicants. There are about 600 children in the schools, and there are five or six teachers in addition to Prof. Crichtow.

The union service at the First Baptist Church last evening attracted a large audience, notwithstanding the very warm weather. Dr. Barbour delivered an excellent discourse, full of practical suggestions on the importance of looking more closely to the seemingly little things in our daily intercourse with the public. The meeting next Sunday evening will be held at the First M. E. Church, South, and Rev. H. T. Musselman of the Baptist Church will preach on the subject, "The Protestant Principle versus the Roman Catholic Principle."

Gem Choppers For Sale in Maysville by

WE DON'T KNOW WHY

We sell more Food Choppers at this time of the year than any other, but we do. Guess it's on account of the fruit and vegetable season. However, there is no time during the entire year that a Gem Chopper in the kitchen is not seasonable. Takes the place of the old-fashioned chopping bowl and knife—does better work, without noise—without tearing, squeezing, mashing or grinding. It saves time and adds to the pleasure of housekeeping.
